Note: The statistics in this table relate to occurrences in the Cayman Islands, except marriages where both the bride and the groom are visitors; the statistics do not include births to mothers resident in the Islands who are temporarily out of the country, or the marriages or deaths of residents who are temporarily out of the country. The death figures for 1970 - 1978 are for all deaths in the Cayman Islands. For subsequent years they are the deaths of residents (ie excluding visitors), The incidence of visitors deaths would be less significant for
